

## EFS - An integrated Facility Management Service provider in India

**New Delhi, May 31, 2017:** In today's competitive world, any enterprise needs quality infrastructure, employee satisfaction, efficient management and retention of skilled workforce to succeed as an organization. These are the prerequisites that help companies actualize their goals of profitability and enhanced customer satisfaction at effective cost. This is where facility management service providers have gained prominence as a value added to the business.

In lieu to the above, we would like to introduce you to EFS Facilities Services India, as a premier pan India leader in Building Maintenance and Integrated Facilities Management, with a sustained track record of business growth and success for over 10 years. EFS India is a part of the global EFS Facilities Services Group, and is headquartered in New Delhi, India, with regional operations bases in Kolkata, Chennai,

Hyderabad, Bengaluru, Pune, and Mumbai. EFS India was founded in 2008 as Dalkia FM, and was later acquired by the EFS Facilities Services group in 2012. EFS India's operational footprint has expanded since inception, and today has grown to more than 77 cities and 25 states.

EFS Facilities Services India currently provides FM services for more than 100 multinational clients and prominent business integrators across India. The company manages more than 40 Million Sq. Ft. of built-out space for clients operating in various sectors including Banking/ Financial Services, Business Services, Healthcare/ Biotechnology, IT/ITES, Manufacturing, Real Estate, Telecom, Energy, Hotel/ Hospitality and Retail.

EFS India's services portfolio includes Integrated Facilities Management, Industrial Facilities Management, Specialised Engineering Services (covering areas such as energy efficiency, thermal audits, and Green Building concepts), and Soft Services. EFS India's operations are powered by its dedicated, experienced, and skilled manpower numbering more than 4500 personnel across India. EFS India's operations and processes are ISO 9001, 14001, 50001 and OHSAS 18001 certified.

Rohit Kapoor is an Executive Director and Chief Operating Officer for EFS Facilities Services, South Asia. He leads EFS' South Asia operations across India, Sri Lanka, Bangladesh and Nepal and oversees the processes, strategy, business growth, and expansion across four key markets. He develops EFS South Asia's regional footprint and presence, in close association with the group CEO and Board of Directors and empowers EFS South Asia's corporate governance and performance management.

Rohit is a veteran corporate leader with extensive international management experience for prominent multinational firms spanning a wide range of sectors. He is an accounting professional with over 18 years of experience in the field of finance, accounts, strategic planning and budgeting across different industry verticals. Prior to joining EFS, he gained valuable management experience while working for prominent Fortune 500 multinational firms, including American Express, Coca Cola, Ericsson Communications.
